Establishment: Al Buad Environmental Company

CR No.: 7049905180

GENERAL ENVIRONMENTAL LICENCE CONDITIONS

- 1 Disclose any conflict of interest, take all necessary preventive measures and ensure that no such conflict occurs.
- 2 Add the licensed activity to the Commercial Registration.
- 3 Comply with all relevant laws and regulations when employing technical staff, and deliver services professionally and to a high standard in accordance with the best valid, sound and modern scientific methods.
- 4 Apply to renew the environmental licence before its expiry date.
- 5 Comply with the controls and conditions of the environmental licence issued by administrative decision.
- 6 Comply with the Environment Law, its executive regulations, related decisions, requirements, environmental standards and directives issued by the National Center for Environmental Compliance.
- 7 Provide the Center with annual reports on the establishment's activities and attach a comprehensive report when applying to renew the licence.
- 8 Implement all stated conditions. Any breach may expose the establishment to penalties under the Environment Law and its executive regulations.
- 9 Employ the technical staff approved for the establishment and submit evidence to the Center within three months from the licence issue date.
- 10 Ensure that a representative of the establishment accompanies the Center's specialists during any field visit to the site.
- 11 Notify the Center of any change or development affecting the establishment's status, technical staff, ownership of the Commercial Registration, or registered data and information, within no more than one month from the date of change.
- 12 The environmental licence may not be transferred without the Center's approval and fulfilment of all activity-specific requirements and conditions.
- 13 Licensed entities carrying out environmental work through other entities must verify that those entities hold the environmental licence required for the relevant field of work.
